

Canopy

ShawContract®

Open Sky, Insert Space

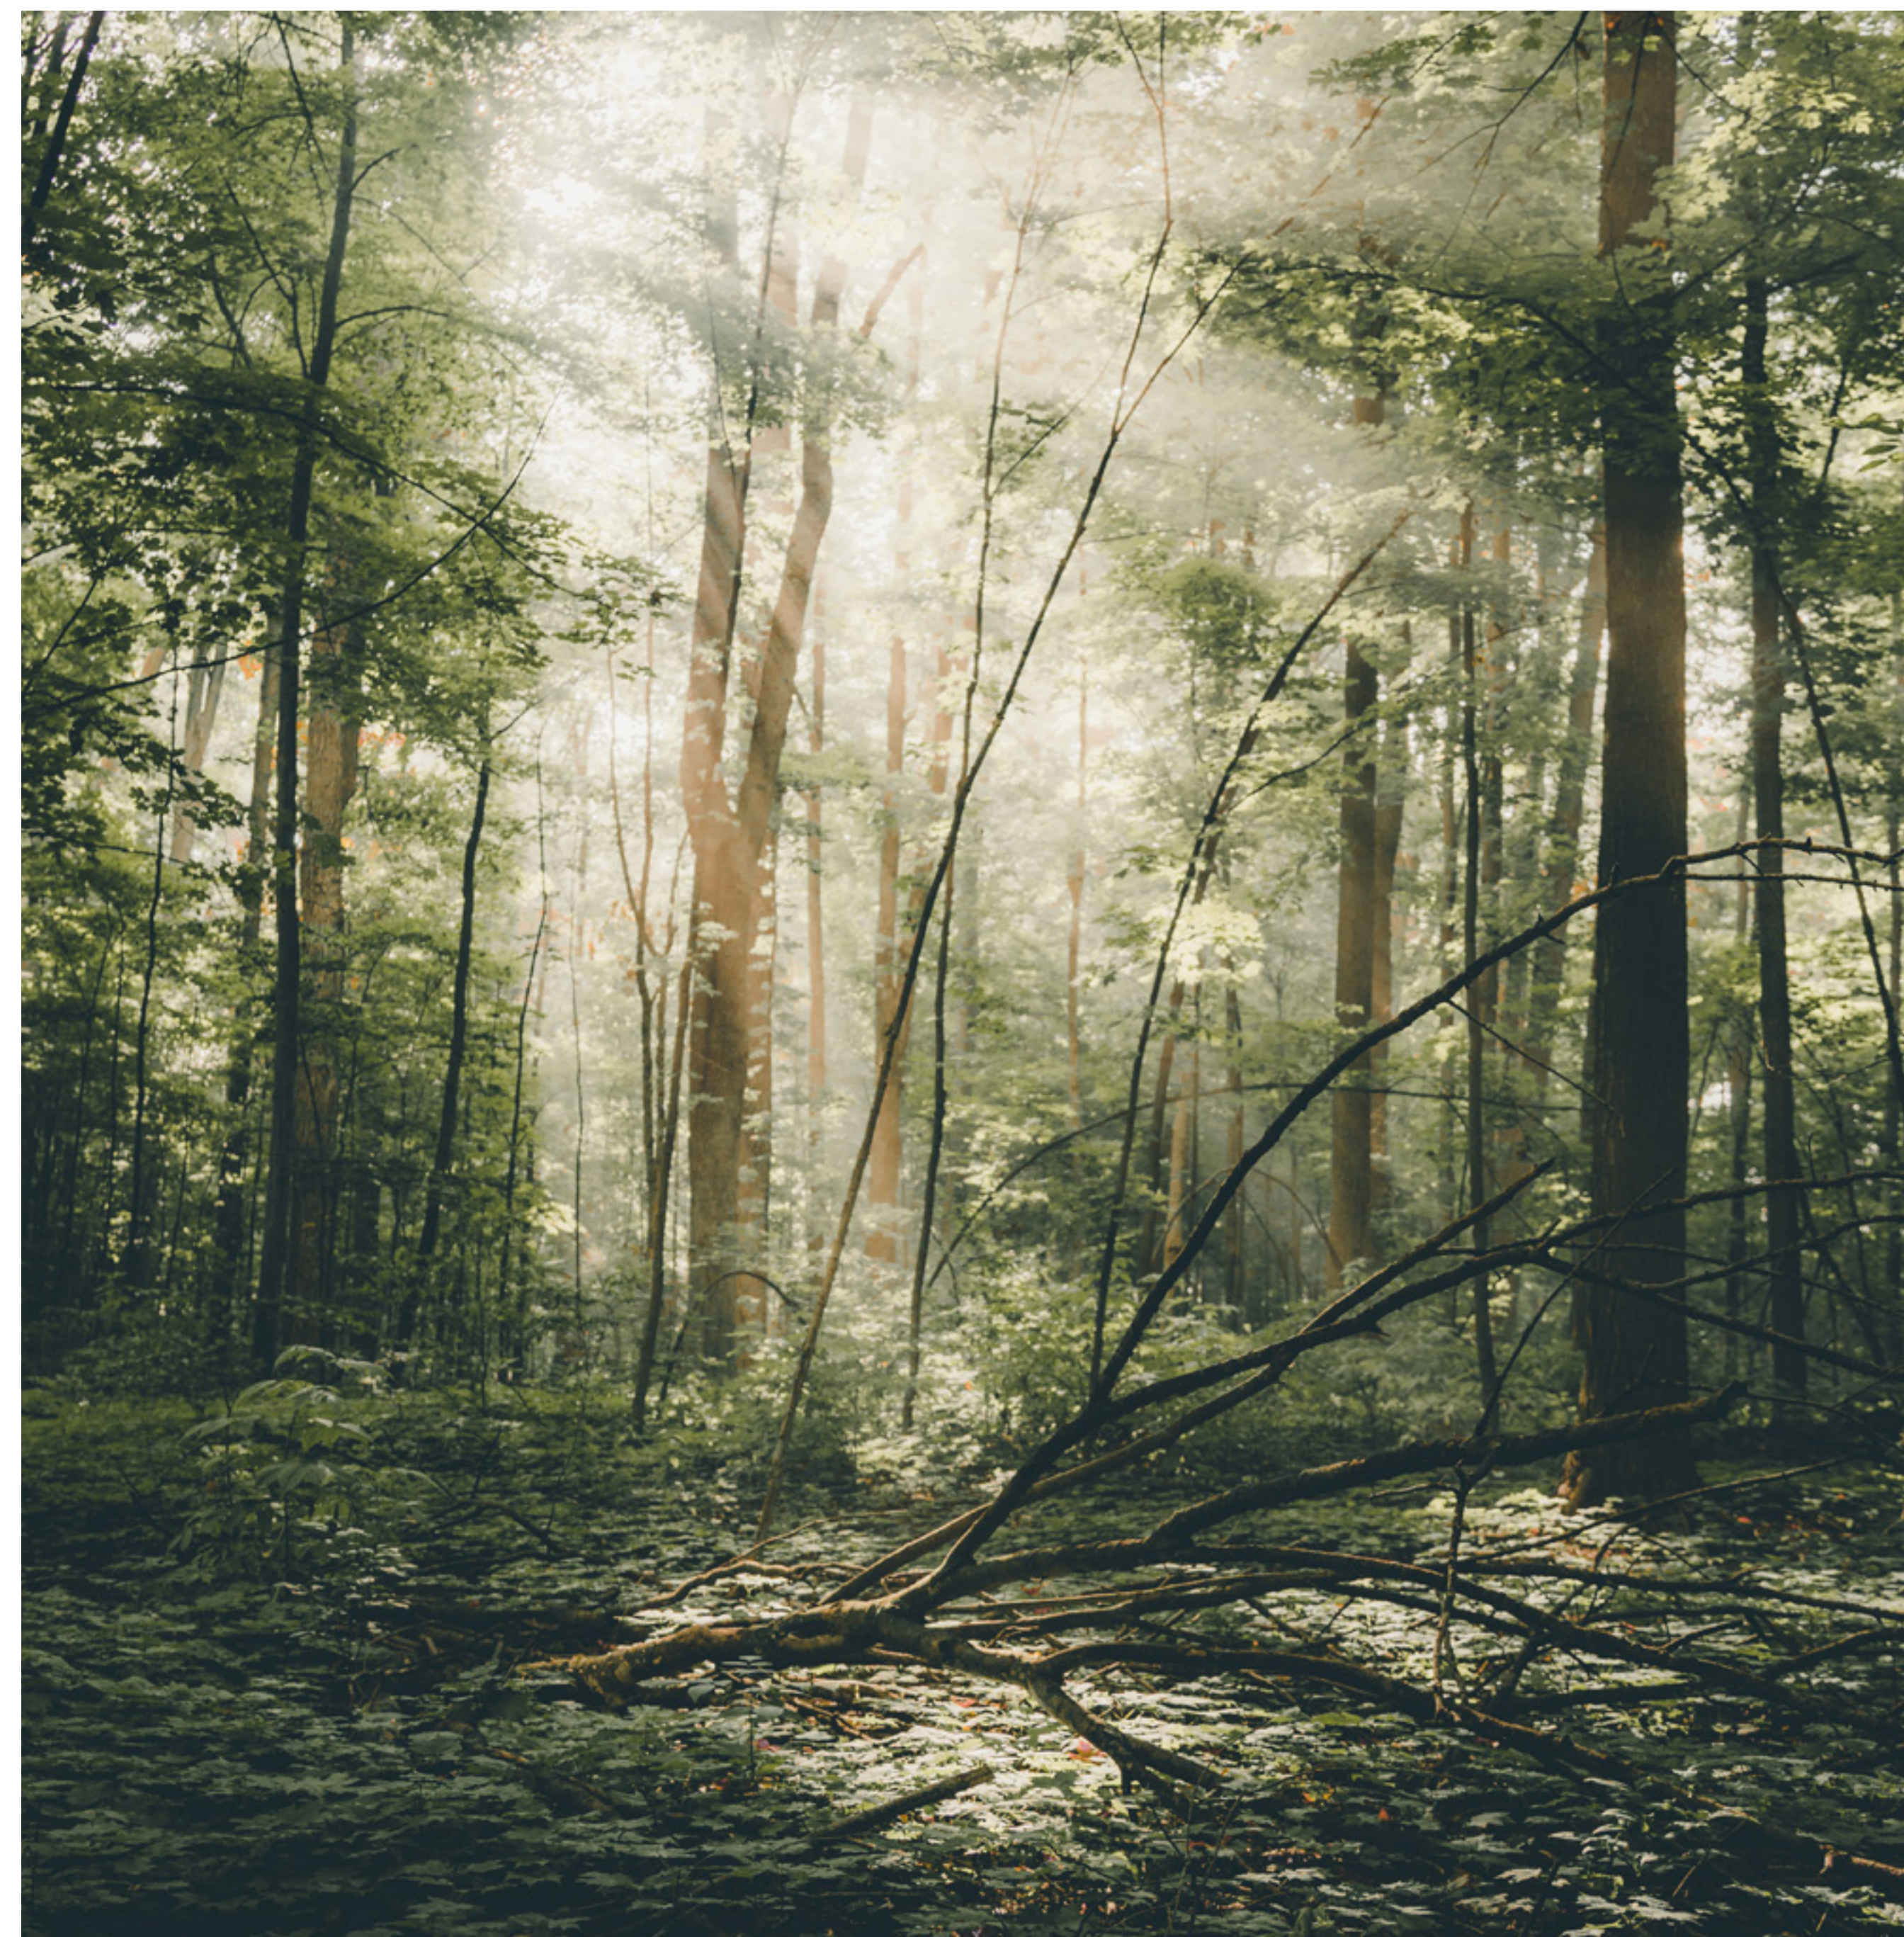

What's overhead is as important as what's underfoot. In the forest, a canopy is nature's balcony to the sky. Anchoring the clouds, branches suspend disbelief; support structure and rhythm. This forest world is organic yet architectural—a conduit for reflection and even transcendence. Canopy is a carpet collection inspired by these enveloping places. It helps you create spaces that speak to the mind and feed the soul. Warm, comforting sanctuaries that beckon us to work, to learn, to heal; in community and in solitude. Where open air becomes just as much a part of the design equation as the floor underfoot.

COVER: **SUSPEND (CARPET TILE 5T391)** IN STILL (88481) | INSTALLED ASHLAR

Benefit from the Outside In

Canopy brings a soft, organic feel to your environment.
The layering of structures and natural, biophilic elements
highlight the patterns while adding textural nuances
Impermanence inspires an impression that endures.

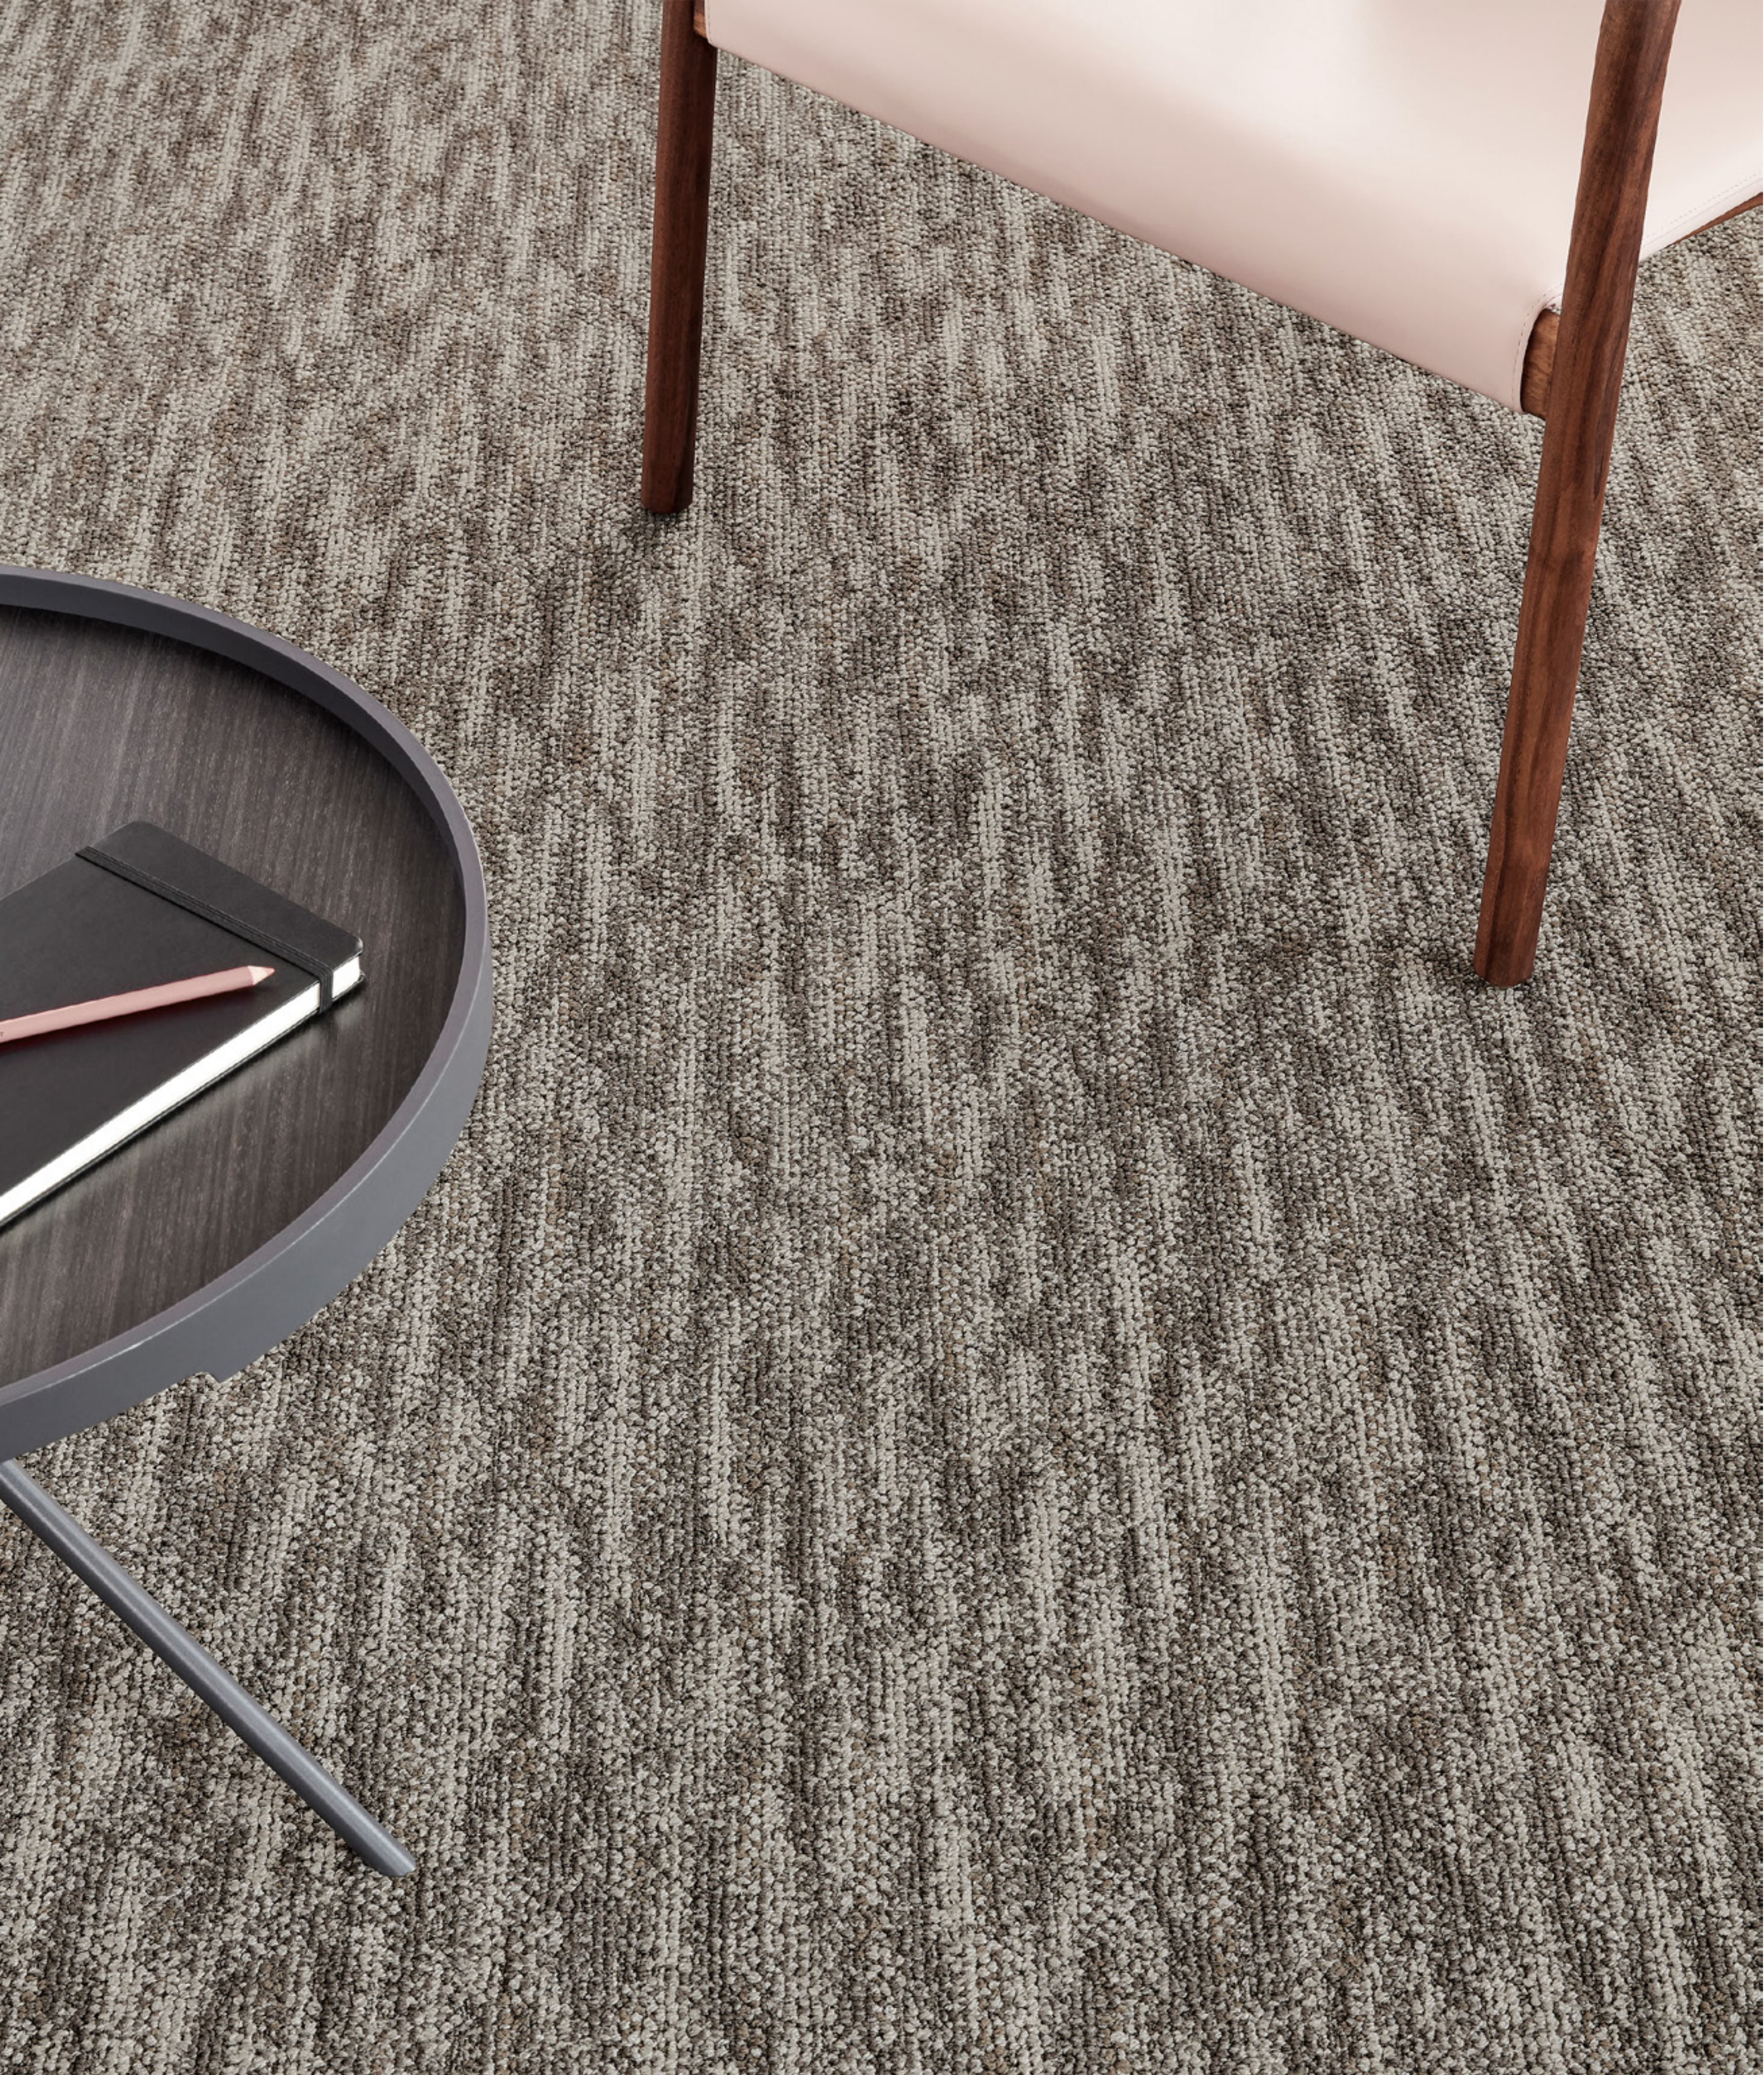

Just like the natural world, Canopy is designed for your most organic installation ideas. A **No Rules** collection, it can be installed in any configuration you desire. Design details like color patterning, layered textures and smart gradations mimic nature as they make it easy to install, mix dye lots and replace as needed. And because all colors and styles are **Quick Ship**, you can order up to 2,500 square yards and have it delivered in two weeks or less. Canopy is **Cradle to Cradle Certified™** silver, designed with a rigorous framework for environmental and social responsibility. Products like Canopy that are designed for the circular economy positively impact people and our planet, with safe, healthy materials and an end-of-life guarantee. Canopy is manufactured in facilities that are 100% carbon neutral.

TRANSCENDENTAL TRANSITIONS

The Canopy collection is designed to transition from place to place naturally and seamlessly. With 9x36 inch tile as well as broadloom, you can create an intuitive sense of flow from one space to another. Both carpet tile and broadloom also coordinate beautifully with our Terrain II LVT collection.

GROUND (BROADLOOM 5A289) IN BRANCH (88760)

All colors and styles in the Canopy collection are Quick Ship, so you can order up to 2,500 square yards and have it shipped in two weeks or less.

BELOW (BROADLOOM 5A290) IN BRANCH (88760)

In the forest, a canopy is
nature's balcony to the sky.

Anchoring the clouds,
branches suspend disbelief;
support structure and rhythm.

Infinite Roots

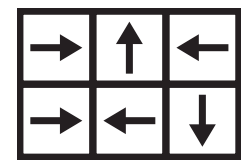

We've long been grounded by the cycle of sustainability found in nature. And with Canopy, we elevate the industry standard for circular design with a rigorous framework for environmental and social responsibility to positively impact people and our planet.

Carbon Neutral

All Shaw Contract carpet tile is manufactured in facilities that are 100% carbon-neutral.

Modular Meets Mergeability

Be Random

Install tiles in any configuration for faster installation and reduced labor costs. When a tile needs to be replaced, simply remove the old one and put a new one down in any direction.

Mix Dye Lots Undetectably

Mergeable dye lots offer unique color patterning, layered textures and smart gradations that make it even easier to mix and match replacement tiles over the course of time without worrying whether colors will match previous orders.

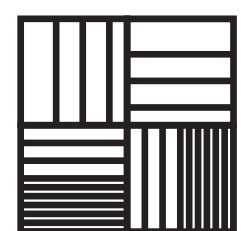

Quick Ship

As a quick ship product you can order material when you need it up to 2,500 square yards and it will arrive within two weeks or less.

Cradle to Cradle Certified™

Designed and assessed for environmental and social performance across five critical sustainability categories: material health, material reuse, renewable energy and carbon management, water stewardship, and social fairness.

Selectively Replace Tiles as Needed

No Rules carpet tiles provide the ability to replace small sections of flooring, ordering material as needed instead of keeping track of attic stock. Replacing a few tiles at a time is a great way to lessen your carbon footprint.

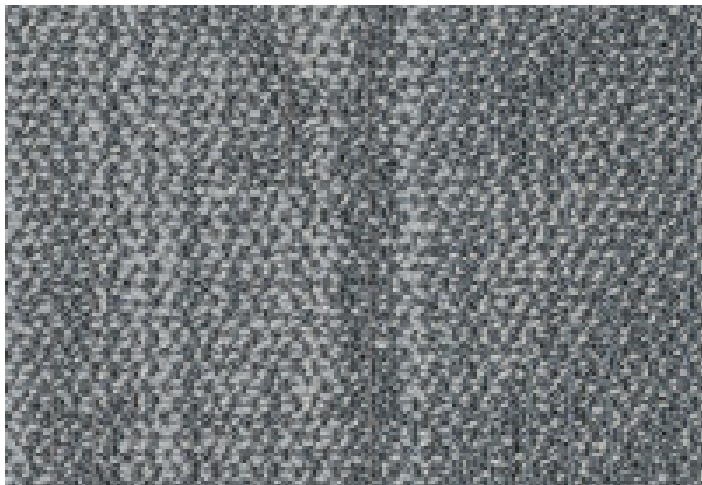

We Want it Back!

At the end of its useful life, we'll reclaim and recycle EcoWorx® backed carpet to make more EcoWorx® carpet products at no cost to you. Since 2006, Shaw has reclaimed and recycled nearly 1 billion pounds of post consumer carpet reducing landfill waste.
