Shifting Fields

ShawContract®

Shift Your Environment

The place where land, sky, water, and horizon meet is always shifting. As landscapes change, our natural world adapts. So it is in the spaces we occupy. They, too, shift to support the different ways we work. Shifting Fields brings that notion down to earth. The collection captures our need to design for ever-shifting environments. And to adapt gracefully.

A Natural Connection

The patterns draw inspiration from the natural transitions between earth, sky and water to help create a safer, more balanced work environment. One that is as connected as it is defined.

LANDING

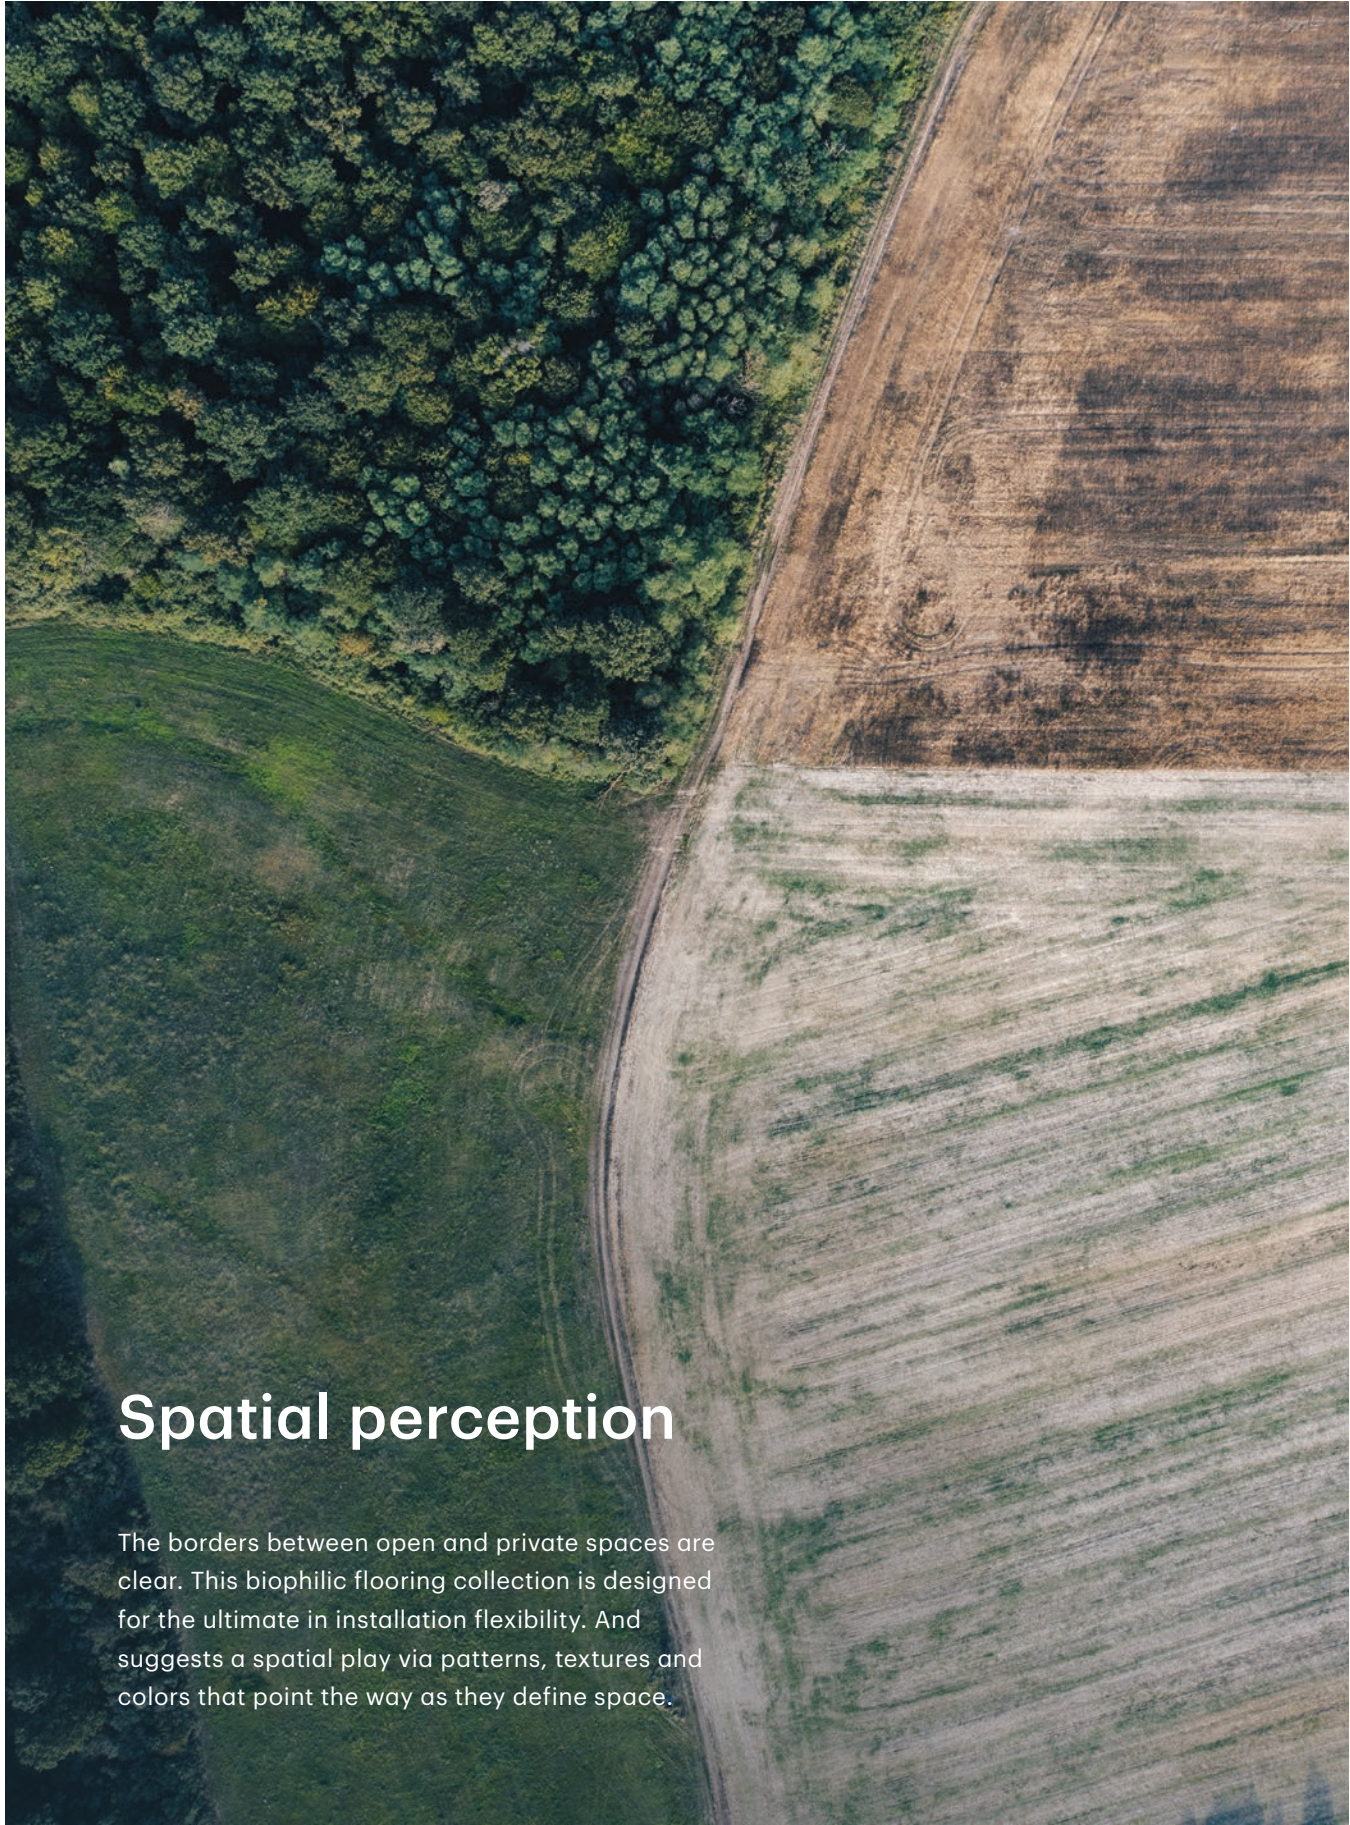

Small on scale, big on texture.
Inspired by stone and earth.

LANDING EDGE

Horizon lines, land and water,
grasslands and forests. The
transitions that help us connect.

LEFT: **LANDING (5T373)** IN PRISTINE (71535) | INSTALLED MONOLITHIC AND
LANDING EDGE (5T375) IN PRISTINE STONE (71595) | INSTALLED ALIGNING THE EDGES ON THE FACE OF CARPET
ABOVE: **LANDING EDGE (5T375)** IN PRISTINE FOREST (71396) + REMOTE COAST (71323) | INSTALLED MONOLITHIC

Spatial perception

The borders between open and private spaces are clear. This biophilic flooring collection is designed for the ultimate in installation flexibility. And suggests a spatial play via patterns, textures and colors that point the way as they define space.

PLAINS (5T374) IN MEADOW (71375) AND **LANDING (5T373)** IN DISTANT (71505) AND **LANDING EDGE (5T375)** IN DISTANT BIRCH (71500) + DISTANT MEADOW (71375) | INSTALLED MONOLITHIC, INSTALLED ALIGNING THE EDGES ON THE FACE OF CARPET AND **PLAINS (5T374)** IN EARTH (71225) AND **LANDING (5T373)** IN OPULENT (71555)AND **LANDING EDGE (5T375)** OPULENT EARTH (71225) INSTALLED ALIGNING THE EDGES ON THE FACE OF CARPET AND **TERRAIN II (0454V)** IN ECHO (00775) | INSTALLED STAGGER

PLAINS

Vast, windswept plains and grasslands form a visual field for a multi-directional, large-scale pattern.

PLAINS (5T374) IN **FOREST (71396)** AND **LANDING (5T373)** IN **PRISTINE (71535)** AND **LANDING EDGE (5T375)** IN **PRISTINE FOREST (71396)**
 INSTALLED MONOLITHIC, INSTALLED ALIGNING THE EDGES ON THE FACE OF CARPET

“Do not go where the path may lead, go instead where there is no path and leave a trail.”

Ralph Waldo Emerson

Shape Shifting

Shifting Fields is designed so that different patterns, styles and sizes will fit different zones. It allows for coordination of the 18x36 and 9x36 tile sizes to be installed side by side. Making space for shifting transitions while improving zoning and spatial definition.

CLEARING (5T381) IN SAND (71111) | INSTALLED ASHLAR

VISTA (5T380) IN SAND (71111) | INSTALLED ASHLAR

Circular Design

Today's interiors are created to support the unique needs of individuals and agile teams. Safe and sustainable, EcoWorx® carpet tile backing is Cradle to Cradle Certified™, designed with circularity in mind and a rigorous framework for environmental and social responsibility to positively impact people and our planet.

Carbon Neutral
All Shaw Contract carpet tile is manufactured in facilities that are 100% carbon-neutral.

Why EcoWorx®?

Lighter & Stronger
EcoWorx® weighs 25% less and has superior tensile strength when compared to traditional PVC backing, resulting in carbon reductions during transport and industry-leading durability.

Cradle to Cradle Certified™
Designed and assessed for environmental and social performance across five critical sustainability categories: material health, material reuse, renewable energy and carbon management, water stewardship, and social fairness.

We Want It Back!
At no cost to you, we will pick up and take back your carpet at the end of its useful life and recycle it directly back into future EcoWorx®. Since 2006, Shaw has reclaimed and recycled nearly 1 billion pounds of post-consumer carpet reducing landfill waste.

Tried & True
EcoWorx® tile has a lifetime warranty. In over two decades, we have manufactured and shipped over 4 billion square feet of EcoWorx® carpet tile.

Material Innovation
We are committed to innovative sustainable solutions. Our circularity journey began over 20 years ago in 1999 with the launch of EcoWorx®, the industries first PVC-free Cradle to Cradle Certified™ flooring, receiving the Presidential Green Chemistry Award by the U.S. Environmental Protection Agency.

Indoor Air Quality
People spend 90% of their time indoors, making these environments critical to our wellbeing. This product is Green Label Plus (GLP) Certified, meeting the California Department of Public Health (CDPH) indoor air quality standards for low-emitting products.
